

# MANAGED BUYING SERVICE

- HAY • STRAW • SILAGE • GRAIN
- MEALS • BY-PRODUCTS

To make sure you experience the same quality product, unbeatable prices and exceptional service from seed to feed, Feed Central created the Managed Buying Service. Our Managed Buying Service is a fully transparent service where Feed Central will appoint one of their experienced staff to be your dedicated Account Manager. Your account manager will be supported by Feed Central's expert team in the areas of Quality Assurance (feed testing & on farm inspections); Logistics; Contract Management, Payments and General Administration. Taking the hassle out of buying.

As a part of the Managed Buying Service you will benefit via:

- ✓ Your own personal commodity buyer, Otherwise known as your Account Manager, representing your interests all the time.
- ✓ Regular written and personalised market reports.
- ✓ Direct access to Feed Central's buying power. As one of Australia's largest commodity traders, Feed Central has access to all hay, grain, meals and by-products either direct from farm, factory or trade.
- ✓ Feed Central's quality assurance system, including visual inspection and feed-testing prior to delivery.
- ✓ Professional contract management, protecting your interests as a buyer.

**Is the Managed Buying Service for you?**

**Ask yourself the following questions:**

**Do you:**

- Regularly Buy Large Quantities of Fodder?
- Employ a consulting or in-house nutritionist?
- Buy at least 1,000 tonne of bulk commodities per year?
- Want to Partner with the best in the business to take the hassle of buying your operations feed needs?
- Want Quality Certificates on feed before purchasing, ex-farm / delivered prices, no hassle, honest and reliable service that makes it quick and easy to buy?

**If you answered yes most of those questions then we believe the Managed Buying Service is for you.**

**Please fill out the Contact and Product details below and return to Feed Central and one of our account managers will assess your details and be in touch!**

**We look forward to partnering with you!**

Here is what our clients say:

*Jason Shearer-Smith, Smithfield Cattle Co.*

"I have had a strong relationship with Feed Central for 10 years and have been a Feed Alliance Client of Feed Central for the last 3 years. During that time I have received exceptional and highly personalised service and advice that suits me and my business. Most importantly I have seen the quality of deliveries rise and prices have been extremely competitive. Feed Central has been able to negotiate highly competitive commodity and freight prices. I appreciate the price benchmarking reports that Feed Central provide, they are a great tool because I can see that Feed Central are doing their job for me and securing the commodities very competitively."
