

**CHEAPER  
THAN OTHER  
FERTILISER**

## FERTILISER BLEND RICH IN NPK & SOIL CONDITIONING MINERALS

At 33% cheaper than traditional fertiliser, TRIPLE-S can help you enhance your soil and maximise your profit.

### TRIPLE-S Benefits

TRIPLE-S gives your soil a base of nutrients in a single low cost application. Includes:

- Bulk product
- High Nitrogen
- Phosphorous
- Soil Conditioner, with lime, gypsum and carbon

### TRIPLE-S Typical Analysis (w/w)

Nitrogen	18%	Boron	7 ppm
Phosphorous	2%	Copper	20 ppm
Potassium	9500ppm	Zinc	80 ppm
Sulphur	1.5%	Cobalt	30 ppm
Calcium	6%	Molybdenum	1 ppm
Magnesium	5000ppm	Selenium	5 ppm
Iron	3.2%	Carbon	2%
Manganese	900 ppm	Silicates	2%

### TRIPLE-S Application Guide

Application Rates should be determined by soil analysis and applied in conjunction with a balanced nutrition program. The following rates are generalized for irrigated and dry land cropping, for intense horticulture these rates can be increased. Contact an

TRIPLE-S is best applied via a Manure spreader broadcast or Belt spreader. Agronomist for assistance.

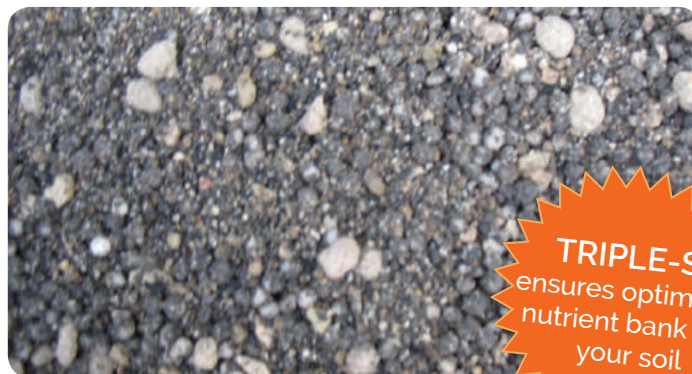

**IMPORTANT:** Not for Horticultural Spinner Spreaders or small walk behind Applicators.

**Maintenance:** 100-250 Kg/Ha

**Soil Building:** 150-350 Kg/Ha

**Horticulture:** 250-450 Kg/Ha

**Compatibility:** Check with Feed Central prior to blending this product with other fertilisers.

**TRIPLE-S**  
ensures optimum  
nutrient bank for  
your soil

### Product Specifications

From: Loose mix of fines and granule (see above).

TRIPLE-S: NPK 18:2:1:1.5 - Sweepings of Urea, DAP,

Rock Phosphate and Sulphate of Ammonia, Lime, Gypsum and Coal fines.

Some fines, some granulated, carefully screened to <20mm, then blended to be a clean spreadable product.

### What growers are saying about TRIPLE-S

"I have seen great results from using FEEDcentral's Screened Ship Sweepings, both in the wheat and the corn. The crop responded well with a **very easy** belt spreader application.

It is **cost effective** in the supply of nutrients. We will be using this product again this season pre plant for our wheat. The wheat was sold for hay, to some of FEEDcentral's key customers." - David House
